

Workshop on Alignment

In Madrid, on 25 April 2018, organised by JPICH

VENUE: Centro Cultural "La Corrala", Carlos Arniches Street, 3 & 5 - Madrid

Objectives of the workshop

The general objective of the JPICH one day workshop is to bring together knowledge and expertise regarding alignment in order to identify best practices for alignment, promote engagement with decision makers towards alignment of research programs and strategies, and identify potential for further joint activities towards alignment.

- Discuss about national and international experiences in alignment in CH policies and procedures
- Describe and discuss which are the main bottlenecks and how to overcome them
- Formulate recommendations & list best practices

Expected outcome

- Exchange of best practices
- Mark the next steps for the alignment at European level.

Target Group

- JPICH members
- People from other JPI and EC programmes with experience in alignment
- EC

If you wish to attend the meeting, registration on-line is open on the website:
